

7 March 74.

The Honorable Arthur F. Sampson  
Administrator  
General Services Administration  
Washington, D. C. 20405

Dear Mr. Sampson:

Federal Property Management Regulation (FPMR) D-43, dated 6 February 1974, requires Federal agencies to report to the General Services Administration (GSA) a summary of implementing actions taken by the agencies on Federal employee parking. When the Director of Central Intelligence wrote to you on 15 December 1973, he gave you his assurance that we would fully support your efforts to reduce the impact of the energy crisis. Again, let me, on his behalf, reaffirm our position that this Agency will do everything possible to support the President's program to conserve energy.

We have completed the plans and implementing instructions on employee parking, and you have my assurance that the criteria promulgated in FPMR D-43 have been followed, including the 10/20 ratio at each facility where employee parking is available. Full implementation of our revised parking cannot be accomplished by the 9 March 1974 effective date outlined in the FPMR because of necessary leadtime involved in printing and dissemination of new permits, procurement and installation of new parking signs, and processing of carpool applications for our several sites in the Metropolitan Washington area. However, full implementation will be effective not later than 1 April, and copies of pertinent implementing directives will be provided as they are issued.

For reasons of security, we are unable to fully comply with the reporting requirements prescribed in paragraph 12 of FPMR D-43. The CIA Act of 1949, Section 6, contains a specific
